WorkPlace Systems Launch Innovative Workforce Management Consulting Services and a new version of Time and Attendance Software at Retail Solutions 2007

Milton Keynes, June 2007 - WorkPlace Systems, the leading supplier of Workforce Management (WFM) software and consulting solutions has launched a range of innovative new services and products to enable Retailers to realise even greater benefits and value from WFM across their entire business at Retail Solutions.

WorkPlace Systems will be announcing new strategic consulting services and products for Retailers in the following areas:

1. Developing a Business Case for WFM - Assessing the value/impact of WFM and recommending ways to prove the business case prior to system investment
2. Increasing WFM ROI - A selection of business and cultural change management processes calling on best practice to improve deployment and increase compliance with WFM.
3. WFM for Mid Tier Retailers – Cost effective and practical WFM implementation approaches for medium sized retailers

Additionally WorkPlace launched a new release of “WorkPlace Time and Attendance” with an intuitive GUI incorporating company specific skinning, the capability for handling multi-country payment rules for global implementation and real-time calculation and status. This new release also offers lower cost methods of attendance capture including a web clock for customers where in-store physical clocks may be cost prohibitive.
